

Dear Guests,

Due to recent events, we would like to answer questions that many of you will surely have regarding your stay in our Casa Capricorno.

- 1) **How safe is my vacation?** As long as we do not get any restrictions from official side, everything stays the same. According to the latest news, we are still very far from travel bans or other restrictions.
- 2) **How safe am I on vacation?** Our appartements and chalets give you a maximum of privacy and the ability to limit social contact to a minimum, if you desire. Further, it has always been a priority of ours to guarantee clean and disinfected accommodation for every guest.
- 3) **How should I behave while on vacation?** While no official directive is issued, we encourage you to act in the way you feel most comfortable. A few voluntary precautions - like taking your shoes off before entering the appartement or using the sanitizer provided by us - will usually increase your safety.

We are happy to host you and are available for questions at any time. By phone via +43 5517 20112 or send us an Email at info@capricorno.at.

Kind regards,

Family Vogler
